# Brian NASH

Brian Nash, born in Melbourne, is a self-taught artist. He has been painting professionally since the early 70's. Mountain Cattlemen of The High Country, Romantic Gardens, Seascapes, Landscapes and well-known icons of Daylesford are some of the various subject matters depicted by Brian.

Since moving to Daylesford in 2000 Brian has found much inspiration in many subjects of the region including such icons as: The Convent gallery, The Boathouse, Lake Daylesford, Jubilee Lake and many other buildings of note. The beautiful landscapes, filled with that very special light, also regularly appear in his works. Brian captures the local landscapes with feeling and conviction.

Brian is a foundation member of Australian Guild of Realist Artists and has taught privately for 10 years. On his painting trips Brian prefers to sketch and photograph his subjects, finishing his works in his studio afterwards. He works in oil, acrylic, and pastel.

Brian's subjects are created with great strength and feeling, executed with a brilliant palette of colour. He has had over 50 one-man exhibitions in his career and has many awards to his name, with many paintings in private collections in Europe, The United States, Canada, Great Britain, Ireland, Asia, Japan and Australia.
